Adapt to 90-260V (50HZ/60HZ)

A close-up shot of a hand holding a black car remote key fob. The fob has four buttons: a lock button at the top, a trunk button in the middle, and an unlock button at the bottom. A silver push-button is visible on the left side. In the background, a white car is parked in a driveway, slightly out of focus. The scene is set outdoors with some greenery and a building in the distance.
