

NO	MODEL	Photos	parameter	size	Motor	battery	speed	Mark	Package size
1	BHS Aluminum alloy frame		Aluminum alloy frame, taillight (with steering), three-in-one switch, single-push disc brake, 20*4.0 tire, waterproof line quick release, iron plate crank. Speed: 30-45KM/H Net weight: 43KG Gross weight: 54.5KG Endurance: 40-60KM Maximum climbing grade: 25° Maximum load: 150KG 40HQ cabinet quantity: 168 units	20"	48V1000W	48V16AH	30-45KM/H		
2	Dnova Aluminum alloy frame		Aluminum alloy frame, taillight (with steering), three-in-one switch, single-push disc brake, 13inch tire, waterproof line quick release. Speed: 60-70KM/H Net weight: 60KG Gross weight: 65KG Endurance: 40-50KM Maximum climbing grade: 35° Maximum load: 150-200KG 40HQ cabinet quantity: 168 units	13"/14"	52V3000W*2	52V25AH	60-70KM/H		
3	ZMSUP-01 (iron frame) variable speed model		Iron frame, iron front fork, YL-61F instrument on the left, taillight (with steering), three-in-one switch, single-push disc brake, 20*4.0 Chaoying tire, Shimano 7-speed, with pump, mobile phone holder, front and rear fenders, 5 waterproof wire quick release, iron chainging crank. Speed: 25KM/H Net weight: 43KG Gross weight: 54.5KG Endurance: 40-60KM Maximum climbing grade: 25° Maximum load: 150KG 40HQ container quantity: 168 units	20"	48V500W spoke wheel	48V10AH	25KM/H	If you need to add frame side sets, the cost will increase by \$20/vehicle, and the battery net will be \$10 /vehicle	145cm 33cm 85cm
4	ZMSUP-02 (iron frame) variable speed model		Iron frame, iron front fork, YL-61F instrument on the left, taillight (with steering), three-in-one switch, single-push disc brake, 20*4.0 Chaoying tire, Shimano 7-speed, with pump, mobile phone holder, front and rear fenders, 5 waterproof quick releases, iron chainging crank, time: 3-5H speed: 35-52KM/H net weight: 48KG gross weight: 56KG endurance: 40-60KM Maximum climbing grade: 25° Maximum load: 150KG 40HQ container quantity: 168 units	20"	48V500W spoke wheel	48V10AH	35-52KM/H	If add the battery net will be \$10 /vehicle	145cm 33cm 85cm
5	ZMSUP-03 (iron frame) variable speed model		Iron frame, iron front fork, YL-61F instrument on the left, taillight (with steering), three-in-one switch, single-push disc brake, 20*4.0 Chaoying tire, Shimano 7-speed, with pump, mobile phone holder, front and rear fenders, 5 waterproof quick releases, iron chainging crank, time: 3-5H Speed: 35-52KM/H Net weight: 45KG Gross weight: 56KG Endurance: 40-60KM Maximum climbing grade: 25° Maximum load: 150KG 40HQ loading quantity: 168 units	20"	48V500W spoke wheel	48V10AH	35-52KM/H	If you need to add other accessories, the cost will be additional	145cm 33cm 85cm
6	ZMSUP-04(iron frame) variable speed model		Iron frame, iron front fork, YL-61F instrument on the left, taillight (with steering), three-in-one switch, single-push disc brake, 20*4.0 Chaoying tire, Shimano 7-speed, with pump, mobile phone holder, front and rear fenders, 5 waterproof quick releases, iron chainging crank. Speed: 25KM/H Net weight: 40KG Gross weight: 51.5KG Endurance: 30-50KM Maximum climbing grade: 25° Maximum load: 150KG 40HQ loading quantity: 168 sets	20"	48V500W spoke wheel	48V10AH	25KM/H	If you need to add other accessories, the cost will be additional	140cm 32cm 85cm
7	ZM25: Single motor (iron frame) variable speed		Iron frame, iron front fork, YL-61F instrument on the left, taillight (with steering), three-in-one switch, single-push disc brake, 20*4.0 Chaoying tire, Shimano 7-speed, with pump, mobile phone holder, front and rear fenders, 5 waterproof quick releases, iron chainging crank. Speed: 25KM/H Net weight: 47.5KG Gross weight: 52.3KG Endurance: 30-50KM Maximum climbing grade: 25°Maximum load: 150KG 40HQ container quantity: 216 units	20"	48V500W spoke wheel	48V10AH	25KM/H	With middle basket, but not with battery side net. If battery side net is required, the cost will increase by \$10 /vehicle.	138cm 35cm 85cm
8	ZM28 (iron frame) variable speed model		Iron frame, iron front fork, YL-61F instrument on the left, three-in-one switch, single-push disc brake, 20*4.0 Chaoying tire, Shimano 7-speed, with pump, mobile phone holder, front and rear fenders, 5 waterproof quick releases, iron chainging crank. Speed: 25KM/H Net weight: 47.5KG Gross weight: 52.3KG Endurance: 30-45KM Maximum climbing grade: 25° Maximum load: 150KG 40HQ container quantity: 126 units	20"	48V500W spoke wheel	48V10AH	25KM/H		150cm 34cm 85cm
9	ZM27 (iron frame) Shimano 7-speed		Iron frame, iron shoulder and iron leg front fork, YL-61F instrument on the left, three-in-one switch, single-push disc brake, 20*4.0 Chaoying tire, Shimano 7-speed, with pump, mobile phone holder, front and rear fenders, 5 waterproof quick releases, iron chainging crank, charging time: 3-5H Speed: 25-40KM/H Net weight: KG Gross weight: KG Endurance: 40-65KM (depending on battery capacity) Maximum climbing 25° Maximum load: 150KG 40HQ container quantity: 168 units	20"	48V500W spoke wheel	48V10AH	25-40KM/H		145cm 33cm 85cm
10	FG-20 (iron frame) Shimano 7-speed		Iron frame, iron shoulder and iron leg front fork, three-in-one switch, single push disc brake, 20*4.0 Chaoying tire, Shimano 7-speed, with pump, mobile phone holder, front and rear fenders, 5 waterproof quick releases, iron chainging crank, YL-61F instrument on the left, charging time: 3-5H Speed: 25-40KM/H Net weight: KG Gross weight: KG Endurance: 40-65KM (depending on battery capacity) Maximum climbing: 25° Maximum load: 150KG 40HQ container quantity: 144 units	20"	48V500W spoke wheel	48V10AH	25-40KM/H		149cm 34cm 85cm
11	ZMDK700 (iron frame) speed change		Iron frame, iron shoulder and iron leg front fork, two-in-one switch, single push disc brake, 20*4.0 Chaoying tire, Shimano 7-speed, with pump, mobile phone holder, front and rear fenders, 5 waterproof quick releases, iron tooth plate crank, YL-61F instrument on the left, charging time: 3-5H speed: 25KM/H Net weight: KG Gross weight: KG Endurance: 40-65KM Maximum climbing: 25° Maximum load: 150KG 40HQ container quantity: 126 units	20"	48V500W spoke wheel	48V10AH	25 KM/H		148cm 34cm 85cm
12	DK401		Model: DK401 (iron frame) Tire size: 20*4.0 Color: black Battery: 48V10 (AH) Motor power: 500W Charging time: 6-8 hours, Speed: 30-47km/h Net weight: 31kg, gross weight: 43.8kg Endurance: 45-60km, maximum climbing grade: 25° Maximum load: 150kg, instrument: YL61F Using temperature: -10°—50° 40HQ loading quantity: 144 units	20"	48V500W spoke wheel	48V10AH	30-47km/h		150*34*85cm
13	ZM25-1		Model: ZM25-1 (iron frame), tire size: 20*4.0, color: black Battery: 48V 10AH, motor power: 500W, charging time: 6-8 hours, speed: 25km/h, net weight: 31kg, gross weight: 43.8kg, endurance: 45-60km, maximum climbing grade: 25°, maximum load: 150kg, instrument: YL61F Using temperature: -10°—50° 40HQ loading quantity: 110 units	20"	48V500W spoke wheel	48V10AH	25km/h		148*38*96cm
14	ZM25-2		Model: ZM25-2 (iron frame), battery: 48V 10AH, motor power: 500W, charging time: 6-8 hours Speed: 47km/h, net weight: 31kg Gross weight: 43.8kg endurance: 45-60km Maximum climbing grade: 25°, maximum load: 150kg, instrument: Z25, operating temperature: -10°—50°.	20"	48V500W spoke wheel	48V10AH	30-47km/h		148*38*96cm

E HAWK Electric Zone is Located in Nairobi Kenya, Our Office Number is 072 98 05201 All of scooters, e bikes and motorcycles are factory made directly. Top Quality UL Listed on all batteries. Nobody can beat us the quality and craftsman ship.

All orders are custom factory direct no middleman. Orders take between 35 to 45 days. A 50% deposit is required not refundable if factory already made scooter.

Our reps can put together any payment plan together for you depending on your income, No one should be without a scooter to get around in Kenya like everyone needs and has a cellphone it's a must have in todays society.
