M1 Lengthened

Working Together with Maifeng Manufacturer

Model size 2610*1200*1650mm

Vehicle structure Five open doors and six seats

Braking mode Rear disc brake

Motor 800W 18 tube controller

Tire specifications 400 vacuum tire

Steering Handlehold

Configuration

Warm air, fan, reversing image, with front and rear bars, luggage rack, ceiling light, range extender can be installed, steel plate shock absorption, optional

With suspension shock absorption

E HAWK M4

M4

Model size 2050*1120*1670mm

Power system Gold magnetic dynamical system

Controller 18 tube controller

Motor 48V/60V800W

Tire specifications 350-10 tire (iron wheel)

Steering Handlehold

Configuration

Integrated drum brake rear axle, Cast pipe front damping,

Integrated fan sunroof, rear pedal, automatic return wiper, luxury seat, luxury interior

Decoration, national can be on the card

E HAWK M5

M5

Model size 2470*1150*1690mm

Vehicle structure Five doors and four seats

Power system Gold magnetic dynamical system

Motor 48V/60V800W

Tire specifications 400-10 (Vacuum Tire)

Steering Handlehold

Configuration

—Body fan sunroof, rear pedal, reversing

Image, front protective bar, luggage rack, automatic return wiper, luxury seat, luxury interior, national license

E HAWK M6

M6

Model size

2680*1200*1570mm

Vehicle structure

Five open doors and four seats

Braking mode

Rear disc brake

Motor

1000W motor double 18 tube controller

Tire specifications

400-10 vacuum aluminum tire

Steering

Disc type/
handle type

Configuration

Electric doors and windows, four-door central control, heater, fan, reversing image, front hydraulic pressure reduction

Shock, suspension,

E HAWK M7

M7

Model size 2270*1150*1630mm

Vehicle structure Two doors and three seats

Power train charging Gold magnetic dynamical system

Motor 48V/60V800W

Tire specifications 350-10 (iron wheel)

Steering Handler

Configuration

Gold magnet 18-tube controller, integrated drum brake rear axle, hydraulic front shock absorption, integrated fan sunroof, automatic return wiper, luxury seat luxury interior, national license

E HAWK M8

M8

Model size 2400*1150*1690mm

Vehicle structure Five doors and four seats

Braking mode Rear drum brake

Motor 800W 18 tube controller

Tire specifications 400-10 (vacuum tire)

Steering Handlehold

Configuration

Hand glass, double row four seats, suspension shock absorption, fan, integrated sunroof, injection molding door

Board, reversing image

E HAWK M9

M9

Model size	2400*1150*1690mm
Vehicle structure	Five doors and four seats
Braking mode	Rear drum brake
Motor	800W 18 tube controller
Tire specifications	400-10 (vacuum tire)
Steering	Handlehold
Configuration	Hand glass, Double row four, Suspension minus Shock, fan, integrated skylight, injection molding door Board, reversing image

E HAWK M10

M10

Model size 2720*1390*1650mm

Vehicle structure Four doors and five seats

Braking mode Front and rear disc brakes

Motor 1000W double 18 tube controller

Tire specifications 450-10.
Rear 145/70R-12 vacuum aluminum wheel disc type/

Steering handle type

Configuration

Heating, video, anti-theft, electric doors and windows, central control, five doors/six doors optional

Suspension shock absorption

E HAWK M11

M11

Model size 2270*1150*1630mm

Vehicle structure Two doors and three seats

Power train charging Gold magnetic dynamical system

Motor 48V/60V800W

Tire specifications 350-10 (iron wheel)

Steering Handler

Configuration

Gold magnet 18-tube controller, integrated drum brake rear axle, cast tube front shock absorption, integrated fan sunroof, automatic return wiper, luxury seat luxury interior, national license

E HAWK M12

M12

Model size 2400*1150*1690mm

Vehicle structure Five doors and four seats

Braking mode Rear drum brake

Motor 800W 18 tube controller

Tire specifications 400-10 (vacuum tire)

Steering Handlehold

Configuration

Hand-cranked glass, double-row four-seater, steel shock absorber, front bumper, fan, integrated sunroof, injection-molded door panel, reversing image, dome light, optional suspension shock absorber

E HAWK FP

Frame plastic

Model size

2400*1100*1600mm

Controller

Dual 18 tube controller

Braking mode

Three-wheel disc brake

Motor

1000W

Tire specifications

Front 130-70-12 Rear 135-70R12

Steering

Handlehold

Configuration

Warm air, video, anti-theft, electric doors and windows, one-button start, controllable headlights, Seat belt

E HAWK

SPECIAL EDITION EH4W

Pickup four-wheel

Model size 2700*1250*1650mm

Vehicle structure Two doors, two seats

Braking mode Front and rear disc brakes

Motor 1000W18 tube controller

Tire specifications 400 vacuum tire

Steering Handled/disc type

Configuration

Warm air, fan, reversing image, ceiling light

Gear shift
